

## GUIDANCE NOTES – 2021

To assist prospective competitors both old and new, here are a few points to bear in mind when completing the registration form for the Championship and some hints about competing in 2021. The regulations are the same as in 2020 as the Championship was cancelled due to the virus and the lack of competitions in the first part of the year. Newcomers may find the Regulations look a little daunting – they are formatted to meet Motorsport UK requirements - but are not very complicated in reality. If you have any problems or queries during the season please contact the Championship Co-ordinator, Anne Swift.

- 1) **Complete both sides of your Registration form:** Please provide all the information requested, writing clearly, particularly post code and e-mail details. On the car registration form you must give **all** details, in the appropriate boxes, of any changes to your car from the original manufacturer's specification. Please note - if you change cars or have more than one car, a Car Registration Form for **each car** must be lodged with the Championship Co-ordinator before actually competing. Drivers competing with cars not registered for the Championship are not eligible to score points.
- 2) **Registration Fee:** Please make your cheque for £95 payable to **Ferrari Owners' Club (Competition A/C)** and return with your Registration form to Anne Swift. Alternatively, you may transfer the fee, (sort code 20-25-29 account no. 7316 7607). If you registered last year and did not request a refund your fee will be carried over to this year. However, you still need to submit your registration form.
- 3) **Car Eligibility:** The Championship has an Eligibility Scrutineer, who will be keeping an eye on our cars during the season. He may check any car at any time to see that it complies with the 2021 regulations, so please make sure **your car** complies as eligibility infringements could result in loss of Championship points. (If you make changes to your car at any time after the initial registration process you must immediately advise the Championship Co-ordinator in writing).
- 4) **Event Entries:** These must be submitted directly to the Event organising clubs. Event regulations and entry forms can usually be found on the website of the Organising Club. If it is not possible to download them from the website or enter online, please contact the PFHC Co-ordinator. It is recommended that you enter without delay to make sure you do not miss out on your favourite venue as many events are oversubscribed.
- 5) **Points: 1.6.2** Full points will now be awarded regardless of the number of competitors taking part.
- 6) **No Shows:** If you have to withdraw from an event you must immediately advise the organising club's Event Secretary. It will be helpful if you also advise the Championship Co-ordinator.
- 7) **Competition Numbers:** These will be allocated by the Event organising club. It is your responsibility to have these numbers on your car at the meeting. You are required to use our Championship door panels for your competition numbers. These will be issued to competitors at your first event. You will also be supplied with Pirelli number plate decals, which must be fitted to your Ferrari at all times during the meeting. Please remember that the competition numbers must be removed or completely covered before leaving the event and the Pirelli plates/stickers removed in accordance with the 2021 PFHC regulations.
- 8) **Tyres:** Please note that all cars must use Motorsport UK List 1A tyres except for certain tipos as indicated in 3.1(f) of the Regulations.
- 9) **Appearance:** Make sure your car complies with regulation 3.2.4, particularly if the bodywork of the vehicle has been damaged in any way.

- 10) **Starters: 1.6.2** The definition of 'starter' is anyone taking part in the competition by virtue of taking a practice run (and therefore receives one point). Anyone taking part in an 'official' run (even if no time recorded) is deemed to have gained Championship points according to their position in timed runs.
  
- 11) **The Baracca Classic Trophy:** This is an annual award as before. It will be awarded to the driver with the highest points in the Classic category. Cars built prior to the 348 and Mondial tips are eligible for this award.
  
- 12) **Handicaps:** The Club Handicap will be run at Sprints events as well as Hillclimbs in 2021. The basis for setting competitors' handicaps will now take into account their fastest time in the Championship at a particular venue with the same car in the previous 5 years.
  
- 13) **Registration:** Please send in your registration form, even if you haven't received your competition licence yet. You can let me know the licence number as soon as it is issued.
  
- 14) **New Year Surprise:** We have arranged for a limited number of dedicated Ferrari Owners' Club balaclavas to be presented to the competitors who register early for the 2021 Championship. **So get cracking to avoid disappointment!**
